

# Estee Louise Culbreth

Versatile teacher looking for new challenges in exciting position

## PROFILE

I have devoted most of my life to helping young people discover their inherent gifts, which is why I have a backpack full of practical experience within the field of education. Through my experience, I have gained the ability to prepare youth for the life that awaits. I am able to create the optimal conditions for individuals to develop. In doing so, I experience that they succeed, develop, and become more confident and independent while taking responsibility for their own lives. Based on my diverse experience with teaching and traveling, I can contribute professional and dynamic insights, create a trusting space, and inspire everyone to succeed beyond individual competencies. Now that I am married to a Dane and living in Soro, I would like to continue working in a challenging and inspiring environment, while improving my Danish language skills. ## WORK EXPERIENCE

*U.S. Regional Manager*

*January 2023 - present*

VIP-Booking.com • Part time

I am working with American booking agents and venues to promote their artists in Europe using the VIP-Booking platform. This involves booking appointments, demonstrating the online directory via Zoom, following up, closing sales and maintaining professional relationships.

*Reading Tutor*

*November 2017 - June 2023*

Levy Learning Center • Part Time

I tutored children with learning disabilities at their homes, at the learning center in Miami, or virtually on Zoom. I created lesson plans for children with dyslexia by using visual, auditory, tactile and kinesthetic approach. I trained parents and school staff in the use of innovative Max Scholar reading software. I differentiated instruction to meet individual student needs.

*Personal Vacation Planner*

*January 2022 - May 2022*

Carnival Cruises • Full time

I was a goal-orientated salesperson who exceeded monthly sales performance by 180%. My duties included building rapport with guests, creating follow up appointments, making new bookings, and presenting promotions and targeted offers to guests. I kept up to date with market trends, CDC guidelines and Covid 19 health protocols.

*Reading and Math Teacher*

*January 2017 - May 2021*

Catapult Learning • Full Time

I taught kindergarten through grade 8 students (5 -14 years old) reading, writing and math at school and virtually. I maintained consistent communication with the principal and parents. I assessed, tracked and recorded student achievement following school strategies. I differentiated instruction to meet individual student needs.

*Head Early Years Teacher*

*July 2015 - July 2016*

International School of Myanmar • Full time

I created a bilingual curriculum in English/Burmese for the early years program. I managed classroom for 18 students of Burmese, Chinese, Indian, and Korean background. I used educational technology to implement a curriculum targeting different areas of child development: language, motor, and social skills. I differentiated instruction to meet individual student needs. I effectively communicated in a culturally sensitive manner with diverse parents.

*Assistant Teacher*

*November 2012 - July 2015*

Nova Southeastern University • Full time

I assisted the classroom teacher with developmentally appropriate learning experiences for a prekindergarten classroom. I organized the classroom, managed the safety and environment for the students, and created age-appropriate lesson plans. I differentiated instruction to meet individual student needs.

*Nanny*

*August 2011 - August 2012*

Australian family • Full time

After teaching in South Korea, I spent a year as a nanny for a kind family in Sydney, Australia. I cared for 2 boys aged 9 and 11.

*English Language Teacher*

*August 2010 - August 2011*

Kings' Kids School in Seoul, South Korea • Full time

Immediately after graduating university, I taught English in South Korea for one year. I instructed Korean students ages 4-11 in the English language from a curriculum; incorporating age-appropriate academic games into lesson plans. I evaluated students by grading classroom and homework assignments. I differentiated instruction to meet individual student needs.
